

Head to clear thinking...

4-H is the youth development division of the University of Wisconsin-Extension. So, when you participate in 4-H, you are part of one of the finest University systems in the nation!

Heart to greater loyalty...

4-H is about having fun, learning, exploring and discovering. In 4-H, you will make new friends, develop new skills, become a leader and help shape your community.

Hands to greater service...

Join our community of young people across America who are learning leadership, citizenship and life skills.

Health to better living...

4-H emphasizes the importance of meeting four basic human needs: belonging, mastery, independence, and generosity. This is accomplished through creating a safe, welcoming environment with caring, involved adults to serve others. 4-H provides opportunities for self-determination and engaged learning that will help young people become an active participant in the future.
